

Historical Regulated Natural Gas Rates for Vectren Energy Delivery of Ohio

Updated November 2009 • This publication is updated monthly.

This chart was created to provide Vectren customers information about the company's natural gas rates.

The Standard Choice Offer (SSO) – Vectren Energy Delivery of Ohio changed the way it prices natural gas in October 2008 from the gas cost recovery rate to the SSO rate. Vectren customers who have not chosen a natural gas supplier are charged the Standard Service Offer which combines the price of natural gas reported on the New York Mercantile Exchange (NYMEX), plus a fee of \$2.35. The Standard Service Offer will change each month because of fluctuations in the NYMEX rate, but the \$2.35 fee will remain the same until April 2010.

Historical rates \$ per Ccf									
03/01/06	\$0.976	12/01/06	\$0.900	09/01/07	\$0.947	06/01/08	\$1.320	03/01/09	\$0.648
